

Rajan Aldrich P. Sangalang

Makakalimutan mo ang sarili mo. Dahil kung nakasalamuha mo si Raj kahit minsan sa buhay mo mamumulat ka na may higit na mahalaga sa kuwento tungkol sa “tunay na nangyari”; ang mga “paano kung”—na napaka absurdo, wala kang magagawa kundi tumawa. Nakikita ni Raj ang buhay sa salamin ng taong nanonood ng cartoon, dahil ang kahit anong bigo ay panghanda sa isang malaking joke. (I. Invencion)

Drama is the spice of life, but as with all good dishes, it is best used in moderation lest we become too salty or too bitter. A little bit of drama goes a long way and makes for a good story, of which I’ve told many in my time, which now seems all too short in retrospect. But all things considered, I would much rather look to the future than to the past. I mourn the people lost in time, left to become nothing more than stories, but thank many times over those who stayed to help me tell new ones.
