

Alfred Jan C. Ti

College is like the ocean. It's vast, it's beautiful, and it also makes you very salty.

SPECIALIZATION IN BIOMEDICAL SCIENCES

Arielle Joy C. Torio

Great things are hardly accomplished by ordinary people, but if you've met Arielle, you know she's anything but. The path she has chosen is admittedly difficult but her unwavering determination will bring her to unimaginable heights. After four years of going to hell and back, is it going to be smooth sailing from here on out or is this the beginning of an even bumpier ride? Regardless, she'll come out stronger than ever, because for better or worse, this girl just doesn't know how to quit.
