

Charles Louis De Francia

College is a crossroads between carefree youth and responsible maturity. I had my share of rigorous studying and gaming overnights. It is a time to experience a whole spectra of companionship: the tropa, groupmates, blockmates, and (hopefully) soulmates. It is a time for singing with friends and listening to others tell me what life means to them. Ateneo has let me set sail into moments as many as the water drops in the sea. They all made me brave enough to voyage through depths to come.

Saan nga ba tayo dumadaong?

O mas mahalagang tanong: Kanino ba tayo dumadaong?

Isa na siguro sa pinakamahahalagang bagay na natutunan ko sa Ateneo ang magpadaong sa iba—ang maging silungan, ang maging sandigan sa panahon ng kalakasan ng mga alon, o ang maging tulay sa kanilang susunod pang paglalakbay.

Hindi mahalagang matandaan ang lahat ng nagdaan; kailangan lamang patuloy maging handang magbigay-daan.
