

Zia Mikaela T. De Leon

She's Gina Linetti with Jessica Day's fashion sense and has the same intensity of love for her cat as Kate McKinnon does for hers. Also, like the original Papa P, she spent some of her happiest years here. Thanks, Ateneo! (R. Nuevo)

EG is a treasure I am truly glad to have been able to stumble upon. Meeting him was fate; keeping him was a choice and I'm glad that I did. With the many lives he has touched, I am sure that hereon, he will impart his beautiful soul to many more. Cheers to my brother, confidante, and friend. Here is to new adventures, to all the ups and downs, and to all the wonders you'll discover life has to offer. My brother, this triumph is of blood, sweat, and tears. Own it. We are all proud of you.
