

Christian Vince B. Wee

Vince Wee is just hands down, one of the most brilliant people I know. He so effortlessly gets high grades while playing eight hours a day and sleeping for 12. With an unmatched eloquence and spontaneous humor, he is bound to conquer the world one punchline at a time. For sure, a lot of Vinces and Wees will still grace these Ateneo grounds, but I'm pretty sure none will ever be quite like this one. (A. Gonzales)
