

Joaquin Enrique B. Jacinto

If there's anything that Jake values deeply, it's his friends — and probably wrestling, too. Kidding aside, Jake places a high regard for his friends — so much so, that he never ceases to surprise them all with his hallmark care, thoughtfulness, and dependability, making him a remarkable and genuine friend who's always got your back through it all. Through your good times and bad times, through your laughs and cries, and through your triumphs and struggles, Jake will always be there for you.

John Matthew G. Kua

Kua is as serious as he is carefree. He has his entire life planned to perfection, but he always makes room to dance a little, and sometimes, a lot. Kua is as crafty as he is charming; when he asks you to drink one beer with him, he actually means five, and you will actually have ten. Kua is as sweet as he is annoying; he might tease, taunt and aggravate you everyday, but once in a blue moon, he will surprise you, and sometimes, his kindness will even take your breath away. (L.
