Erica smiles figuring out the logic behind a mathematical proof, and her eyes light up at the sight of some interesting piece of knowledge. She smiles after downing a bottle of beer (or a glass of whisky, if she's feeling classy), and her eyes light up at the sight of a friend (or a handsome fellow if she's lucky that day). She's a dreamer, a doer, an awkward turtle. She's much more than what this paragraph says, and that's the best part – she always surprises you. (JP Medalla)
