

MINOR IN JAPANESE STUDIES

Aesha Rimona Cruz

Underneath Rae's seemingly shy disposition lies the brightest ray of sunshine that I've had the pleasure of being with. Though she may not admit it, her creativity and distinct charm sets her apart from everybody. She's always ready and willing to help in anyway she can, be it through a helping hand in projects or a shoulder to lean on during hard times. Rae gave me better than what I'd dared to dream for myself, and for that she'll always be an inspiration to me. (M. Francisco)
