College is the place where I learned how to embrace change with positivity. I saw it as a stepping stone towards my own growth. Change led me to new people, to opportunities, and to a life I never pictured. Ateneo definitely opened my eyes to stop holding onto what's familiar, but to appreciate the beauty of every uncertainty that lies ahead. Now, I'm grateful for everything that brought me to where I am, and molded me into the man I am today.
