They say we don't grow when things are easy, we grow when we face challenges. Well, the past 4 years has handed me quite a number of challenges: 50-page readings, lab reports, comprehensive exams, orals (a.k.a. the bane of my existence), and a ton of papers. The struggle was real, but it was so worth it. Thank you, Ateneo, for these opportunities that made me grow to my fullest potential.

With her unique vibe and sass, it is impossible not to notice AA in a crowd. Beautiful as she is, underneath is a smart woman who effortlessly acs her classes and helps her friends with their academics. With her practical but insightful mind, you are sure to want to have meaningful laughs and heart-to-heart talks with her. But what sets her apart from many is her bravery, as she remains true to herself, defying others' criticisms into becoming the beautiful and independent woman that she is.
