

John Matthew G. Kua

Kua is as serious as he is carefree. He has his entire life planned to perfection, but he always makes room to dance a little, and sometimes, a lot. Kua is as crafty as he is charming; when he asks you to drink one beer with him, he actually means five, and you will actually have ten. Kua is as sweet as he is annoying; he might tease, taunt and aggravate you everyday, but once in a blue moon, he will surprise you, and sometimes, his kindness will even take your breath away. (L.
