Ito ay para sa akin, sa pamilya ko, at sa pagpapanatiling 50 pesos ng Jolly Spaghetti. Para sa mga nagpasaya, nagpakilig, at nagpatahan sa akin, sa mga hinatid ko nang lasing, at sa mga nagmamahal at sumusuporta sa akin: narito na ako. Maraming salamat at hanggang sa uulitin.

Graduation, the paradox of an end promising a beginning. It's nostalgic to look back, knowing I need to leave the constants in my life behind for something new: learning (and learning from failure) from the best professors, studying with friends who help you learn (or help you accept your fate). But they will be memories I will be forever grateful to Ateneo for since I was able to grow alongside such inspiring people. Because of them, I am ready to be swept away into the open seas of adulthood.
