Sleepless nights, crammed papers, failed exams, and emotional breakdowns. College is hard. It's exhausting. "It's like riding a bike and the bike is on fire and the ground is on fire and everything's on fire because you're actually in hell." (Anon) But Ateneo pushed me to my boundaries, and as cliché as it seems, it thrust me out of my comfort zone. It helped me grow, yet it also grew on me. Hard to let go, but grateful I'll forever be, for the place I called home and can always come home to.
