I didn't want to go to Ateneo. I always thought I was meant to go to college abroad, but I ended up here. For this, I am more than grateful. I've grown into a better and more mature version of myself because of all the people I've met, the opportunities that have been given to me, the challenges I've faced, and all the people who have supported me. So here's to the best 4 years of my life that I never expected would turn out like this. I wouldn't be who I am today if it weren't for the Ateneo.
