

MINOR IN DEVELOPMENT STUDIES, MINOR IN EUROPEAN STUDIES

Vanessa B. Baguiwet

Happiness is within you, look no further. Along with love & purpose, it will fill you with fervor. When you look at yourself, believe & be kind. What you can & cannot do, it's all in the mind. Work towards being better every day & in every way. From getting that UAAP gold to passing your requirements on time without being told. Last but not the least, have an attitude of gratitude. For the willingness with which we lead our lives, the energy & the good vibes, are not created but found within.

Dafrose Camille M. Bajaro

Dafrose is the typical shy and reserved girl who spends most of her free time watching old movies and having heart-to-heart talks with her friends and family. She is an industrious and diligent gal who, despite stress and difficulties, remains cheerful and joyful in demeanor--grateful for almost every little thing she encounters.
