

MINOR IN BIOMEDICAL SCIENCES

Marian L. Jimenez

I'll just go and stand outside. When someone looks for me, tell them I'm outstanding.

DOUBLE MAJOR IN BS CHEMISTRY

Lorraine S. Lao

Started off with a clear-cut life plan, then somehow drifted to a whole new stormy course. Felt immense love in friendship, weary acceptance of loss, hurtful awakening to reality. Lost faith in my God, then found Him again in even greater splendor. It has been so hard, and all of it, I realize, was not so much for me but for preparing to help the nation. With all the naive beliefs I had to give up, I still believe we can make the world okay. Thank you, Ateneo, for opening my heart to it all.
