

SPECIALIZATION IN EAST AND SOUTHEAST ASIAN STUDIES

## ***Martin Henri V. Leachon***

Sa pagpasok ko sa unibersidad ng Ateneo de Manila, hindi ko inaasahan na marami pala akong matutuklasan tungkol sa ibang tao at sa aking sarili.

Apat na taon akong tuluyang hinamon ng buhay at ng aking sarili. Ngunit sa paglagpas ng bawat pagsubok, higit akong nahinog upang hamunin ang susunod na kabanata ng aking buhay.

“Cura personalis, ika nga ng mga Heswita—to care for the entire person. Dahil dito, malaya kong masasabi na ibinigay nga sa akin ito ng aking minamahal na paaralan.”

Please bear with me in this write-up, for even this, I cram. What will I remember most from Ateneo? Of all the things that happened to me there, it's the new friends I've made and the old ones I've kept that pushed me to keep going. They made me laugh. They made me think. They helped me grow. They are my memories of this place. Thank you and I love you, Ateneo.
