College housed many of my firsts ranging from a major heartbreak to a mental breakdown. It may not have been pure sprinkles of joy but at least I'm going down the hill not just with the will to make a difference but the resilience to press on and hit the mark. I thank all those that have made my life too precious to take and for teaching me that knowledge without passion is nothing but a shelved book.

"Don't limit yourself. Many people limit themselves to what they think they can do. You can go as far as your mind lets you. What you believe, remember, you can achieve." (Mary Kay Ash)
