As a storyteller, I pride myself in knowing how a book should start, how it should continue, and how it should end. I've read countless of stories and written countless more. I thought I knew how my story would start, continue, and end, but I'm not so sure anymore. I've diverged from the path, sailed newer waters and found more adventures. I know one thing, though – I wasn't as lost as I thought I was. My story isn't turning out the way I thought it would, and I'm real happy that it didn't.
