

MINOR IN BIOMEDICAL SCIENCES

## ***Rafael Maria Benjamin T. Echevarria***

Beneath his intimidating smile is a thoughtful man who will not only listen to your stories of celebration and heartache but also experience them with you. No matter what the tempests may bring, he'll be the anchor that ensures you won't be swept away by the current. Life may ebb and flow and its depths may be unfathomable, but despite the uncertainties of the future, weathering them isn't so bad knowing you have someone who'll light the path and bring you back home.

## ***Miguel Luis A. Francisco***

I remember the first time Miguel walked me home from a long day at school and he opened himself to me--everything he aspires for and his goals in life. Looking back on it now, and with a few more steps until graduation, I can proudly say that he can finally achieve everything he wants because he pours his heart for it. I will always remember him for his heartfelt laugh and humorous jokes as he makes me realize what matters the most, and for that, I'll always be grateful for him.
