Four years in the Ateneo has taught me to embrace every opportunity and hurdle over every challenge thrown at me. This place has truly given me the chance to develop my creativity and to share my passion with others. My heart is full of gratitude to the people who constantly inspire and support me and have helped shape me to be the person I am today. The experience was no easy feat, but I wouldn't have had it any other way. Thank you for the tough love, Ateneo. I am forever grateful.
