Most of the things worth doing in the world had been declared impossible before they were done. (Louis Brandeis)

SPECIALIZATION IN DATA SCIENCE

My family and friends know how much I appreciate them so I would like to use my 500 characters to appreciate the little things others have done for me instead. To the technicians who fixed my laptop. To the cooks who prepared my food. To the secretaries who fixed my IPS or scolded me when I was too rowdy. To the guards who have caught me not wearing my ID. To the custodians who cleaned up my mess. To everybody else involved. I just wanted to say from the bottom of my heart: ONE BIG THANK YOU!
