

***Janine Isabel
C. Guico***

Measurable. Definite. Easy.

I thought I knew what life was like and then I met you.

Little did I know that there is so much more than a quantifiable reality.

For telling me to welcome the unknown, for widening the breadth of my horizon, for showing me what it takes to be human ultimately leading me back to the Source of all, for breaking and reshaping me, I am and forever will be grateful, Ateneo.
