I would like to take this opportunity to thank the people who went through this college experience with me. You all have a special place in my heart and I'll never forget the memories we had together. From the late night drinking sessions to hiking up mountains every other weekend, I'd have to say that I made the most out of my college life and I wouldn't want to change anything about it. Hopefully life would be just as interesting and would continue to be exciting. On to the next chapter!

"To my mind, the greatest reward and luxury of travel is to be able to experience everyday things as if for the first time, to be in a position in which almost nothing is so familiar it is taken for granted." (B. Bryson)  
Nothing (yet) has been as life changing as the chance to meet and travel with people during my JTA. Classroom lessons can open your mind to certain subjects, but it is the people you meet along the way who can show you things about yourself and about the world.
