

Jerome Alan Z. Mejarito

I have no doubt that Jerome will make a great doctor, because of the generous care that he has showered to maintain our friendship. His 24 hours may not be enough for him to call a day; he is always on-call especially in the wee hours of the night to be available to the people he cares. But one thing that strikes me most is that even if I do not see him or talk to him as much, I am fully secured in the fact that he always fights for, and fights with the people he treasures. (D. MINOR IN SOCIOLOGY; MINOR IN DEVELOPMENT MANAGEMENT

Angel Faith B. Mendoza

Maglalayag ako palabas ng Ateneo na may pag-uunawang ang “mas” ay wala sa rami’t bilang kundi nasa lawak at lalim. Papanaog akong may matinding paniniwala sa kabutihan sapagkat ipinaranas at ipinamalas niya sa ‘kin na puwede, na kaya, at na may pag-asa. Mayroong pag-asang kaakibat ang mahigpit na pagkapit sa mga prinsipyo’t pagpapahalaga. Na sumisinag at nagsusumiklab ang pananalig at pagtitiwala sa araw-araw na paninindigan--sa isang uri ng pagmamahal na ang tanging kahingian ay basta.
