MINOR IN EDUCATION

## ***Meriel Michelle C. Laudencia***

Mer's unbelievable kindness is accompanied by a genuine need to see the light in people. Through her school work, she's shown that, "it truly ain't over til it's over." She's the type of friend who will take time to remember all the small details, so she'll probably know you more than you know yourself. She has gone through life with amazing strength and hope, with a wardrobe that throws you back into the 90's. The only thing that would make life better for her is a soundtrack. (E. Huibonhoa)
