

MINOR IN INTERNATIONAL BUSINESS

Janica Winchelle O. Ng

The only thing sweeter than a 100% sugar level in milk tea is the confidence in knowing that I made it. With the love, free food, and support of my friends and family, I was able to get to where I am now. I learned to believe in myself, in my potential, and in what I can do. I am thankful that Ateneo is my alma mater because it was here where I was able to shape my personality and be who I truly am. I am Jan, because I can. I made it through the journey, and I am excited for what comes next.
