

MINOR IN ENTERPRISE DEVELOPMENT

Jacob Aaron M. Echague

During my whole stay in Ateneo, my family and friends have been hugely instrumental in molding me into who I am today. Their role for me was so important because their was the one who... very... hahaha, oh I'm so sorry. I told you that I'm so confident. Eto, uhm, wait... sorry guys, this is my first ever yearbook write-up because I'm only graduating once. I did not expect I came from one of the tough 10. But I said dot my family is the most important persons in my life. Thank you.

Hans Bernard Anthony G. Eco

Hans is often misinterpreted by many. Having a tough-looking façade, it may be hard for someone to come up and strike a conversation with him. However, once known, one may notice his kind, genuine, and incandescent personality. Hans is one of the hardest workers—may it be in the academe, fitness, or generally in any field he gets into. He is sure to give his whole self in it. Having a penchant for dancing since he was young, he inspires, stands out, and strides through any stage life may offer.
