Memento Vivere: Remember to live.

For all the people I've met, the tears I've shed, the laughter I've shared, the sweat I've poured out, and the years I've spent in the Ateneo, I can say I have truly lived. I am who I am today because of this institution, and I am truly grateful. I am in no way perfect. I've failed, lost, and disappointed, but Ateneo has taught me to strive to reach for my greatest potential. Truly, my stay in the Ateneo has been an awesome and enlightening journey.

Heto ako ngayon, nag-iisa. Naglalakbay sa gitna ng dilim, lagi na lang akong nadarapa ngunit heto, bumabangon pa rin.

Heto ako, basang-basa sa ulan, walang masisilungan, walang malalapitan. Sana'y may luha pa, akong mailuluha at ng mabawasan ang aking kalungkutan. (Basang-basa sa Ulan, Aegis)
