## ***Jana Gabrielle V. Santiago***

Jana is definitely one-of-a-kind. She stands firm with her beliefs and fights for what she thinks is right. She is not afraid to look silly just to see us smile and be happy. She genuinely made Ateneo feel like home, and with that, we'll always be grateful. Jana enabled us to trust other people again and in the process, believe in ourselves that we're worth more than we think and that we deserve the same love we give to others. (C. Quinto & M. Solidum)

## ***Meryll Iva A. Solidum***

Her four years in college have witnessed Meryll's growth as a person. Despite all her fears, she was able to find the courage to pursue what she wanted. Mer is very hardworking; when she decides something, she will give her all to make it work, even if the odds are stacked against her. Most importantly, love has made her go beyond her fear of uncertainties and open herself up to all her possibilities; love has let her grow into an even more beautiful version of herself. (C. Quinto & J. Santiago)
