

SPECIALIZATION IN DATA SCIENCE AND ANALYTICS

Camille C. Diez

I entered the Ateneo expecting a series of stepping stones that would eventually lead to yet another milestone in my life. What I found instead was an uphill path that never seemed to end – a path where I often found myself lingering in moments between bad and okay, but also found myself laughing in the moments illuminated by my friends and the successes of my endeavors. Thank you, Ateneo, for the incredible ride.

Miguel Adrian C. Domingo

“Adversity is an opportunity for change.” (Zenyatta)
