Ady is the type of person to worry over outcomes and downplay her successes but, at the same time, she never oversells her failures and always finds a way to move past them and improve. She is a person of surprisingly few words, considering her fondness for them. A shy and awkward, but passionate, intelligent, and stubbornly perseverant woman, Ady rarely finds herself in a situation she cannot handle, even if she doesn't realize it herself. (N. Vasay)
