

MINOR IN CHINESE STUDIES

Matthew M. Mandanas

Matt is a people person, making him very attractive to everyone he encounters in the University. His personality allows him to associate himself with a lot of people and enables him to live life to the fullest. He is always there to lean on for every worry, problem, or concern his friends have. As everyone's emergency best friend, boyfriend, and drinking or crying buddy, Matt has truly touched the lives of many. (E. Rodriguez)

Sabina Angela D. Mañosa

Sab is complicated. You're never sure if you want to kill her, hug her, or do both. She's a living paradox, a big talker with the brains to back it up, a prankster with a brutally honest nature. Rallying people is second nature to her, and she could easily start a cult about something that she finds amusing. She tiptoes right at the line but never crosses, and is unabashedly herself, even when it's a little messy and chaotic. She is someone you would follow into the dark.
