

John Jeremias P. Esguerra

Embarking on a new journey is never easy, but as I go down the hill, I look back and realize that studying in Ateneo tested me with numerous trials, but it also gave me a plethora of things to smile about. I think these experiences, both good and bad, made my college life beautiful. For that, I am eternally grateful.

Raymond Michael P. Evaristo

Wild. That's probably the right word to describe Raymond, or "Wray", as his friends like to call him. Being known as the raunchy and over-the-top type of guy, it's not surprising why he's been known to push limits. On the flip side, he is also a dedicated leader and worker. He spent most of his college years dedicated to serving in his orgs. But above all, Raymond is a loyal and dependable friend. He's someone you can always run to and rant about life. Be prepared for his annoying advice though.
