Humility. That's what Ateneo taught me. My first F's may have told me I'm not as good as I thought I was but they indicated that there's a whole world out there with many more things to learn. My new friends who came from various backgrounds showed me that with help, we can overcome our challenges. My fellow Ateneans who work so compassionately outside of the classroom for social justice widened my perspective and made me realize we are doing this not just for ourselves but for others as well.
