

## ***Jynariz Daniel T. Datuin***

Ateneo exposed me to various people, various lives, and various stories. The lessons and insights from these encounters also led me to understand myself and my place in this world better. My deepest gratitude to my friends who've gone ahead, my company in every adventure, and that sticky block I can't seem to shake off. Stay weird. You've allowed these five excruciating years of mine to be peaceful and fruitful.
