

## ***Mariah Raina C. Siy***

Twenty years from now I don't know if I'll feel the same way about what I wrote (probably not) lest I say something embarrassing but nevertheless, I just want to say a humble thank you for all the people who made it worth it, for being given the chance to fight for the things that I feel matter, for being comfortable in her own skin and liking the person I am now, and for living this life.

## ***Princess E. Siy***

Quiet and unassuming, Princess prefers to listen rather than talk. She holds her cards close to her chest so you don't entirely know what she's all about, which may or may not be a good thing. There are times when she cracks a bad joke, which just makes you shake your head in dismay. She has an incredible sense of duty and a long memory – she forgives, but never forgets. Those whom she considers her friends are for the long haul.
